Physics NEET Syllabus:

Physics NEET Syllabus (11th)	Physics NEET Syllabus (12th)
Physical-world and measurement	Electrostatics
Kinematics	Current Electricity
Laws of Motion	Magnetic Effects of Current and Magnetism
Work, Energy, and Power	Electromagnetic Induction and Alternating Currents
The motion of the System of Particles and Rigid Body	Electromagnetic Waves
Gravitation	Optics
Properties of Bulk Matter	Dual Nature of Matter and Radiation
Thermodynamics	Atoms and Nuclei
The behavior of Perfect Gas and Kinetic Theory	Electronic Devices

Chemistry NEET Syllabus:

Chemistry NEET Syllabus(11th)	Chemistry NEET Syllabus(12th)
Some Basic Concepts of Chemistry	Solid State
Structure of Atom	Solutions
Classification of Elements and Periodicity in Properties	Electrochemistry
Chemical Bonding and Molecular Structure	Chemical Kinetics
States of Matter: Gases and Liquids	Surface Chemistry
Thermodynamics	General Principles and Processes of Isolation of Elements
Equilibrium	p- Block Elements
Redox Reactions	d and f Block Elements
Hydrogen	Coordination Compounds

Biology NEET Syllabus:

Biology NEET Syllabus(Zoology & Botany – class 11th)	Biology NEET Syllabus (Zoology & Botany – class 12th)
Diversity in Living World	Reproduction
Structural Organization in Animals and Plants	Genetics and Evolution
Cell Structure and Function	Biology and Human Welfare
Plant Physiology	Biotechnology and Its Applications
Human physiology	Ecology and environment

NEET 2023 FAQs

Q1. What is the full form of NEET?

A. The full form of the NEET examination is the 'National Eligibility Cum Entrance Test'. It's a national-level medical entrance test conducted in India for admission to MBBS, BDS, BAMS, BSMS, BUMS, BHMS, and other undergraduate medical courses.

Q2. Do I need to appear for NEET for admission to the MBBS course in AIIMS Delhi?

A. Yes, candidates must appear for the NEET examination and qualify on the merit list to pursue MBBS from AIIMS Delhi.

Q3. When should I start applying for NEET 2023?

A. Candidates can visit the official website for the exam - neet.nta.nic.in - as soon as the notification is released to fill out their NEET application form. The last date to fill in NEET 2023 application forms has still not been announced.

Q4. Will the NEET Exam be conducted twice in 2023?A. There were some rumors about NEET 2023 being conducted twice but no official statement has been released by NTA on this.

Q5. Are there any changes in the NEET 2023 exam pattern?

A. There are no changes in the exam pattern for NEET 2023 currently because the authorities are still to release all information regarding the same. You can refer to the previous NEET exams to understand the pattern of the exam.

Q6. Can a 12th pass-out candidate appear directly in the NEET examination?

A. Yes, you can appear for NEET if you have just passed out of class 12. You can even sit for the exam if you are appearing for your 10+2 exam that year. The only thing to note here is that your level of preparation at this stage may not be at par with what it takes to qualify for NEET. However, it is still a good idea to appear for the exam to experience what it is like.
